DISTRICT GRAIN COMPETITION

Winning District holds the PONDEROSA ESTATE SHIELD (Trophy donated by L & D Olman).

2019 Winning District : Wongoondy

DISTRICTS : Devils Creek, North Mullewa, Pindar, Tenindewa, Tardun, Wongoondy, Casuarinas.

Must have at least 4-5 entries per class (per district), to be judged.

Each class attracts points 7 down to 1.

- a. Sheaf of wheat for grain
- b. Sheaf of canola for grain
- c. Sheaf of barley for grain
- d. Sheaf of white lupins for grain
- e. Sod of pasture

CSBP BIOMASS COMPETITION

The aim of this Category is to compare paddocks, rather than a single sheaf of crop, and give a true comparison of how paddocks are likely to yield. This will be done by Biomass Images being taken and assessed by CSBP. There is a very good correlation between crop biomass and yield and it is a good way to compare crops throughout the Mullewa region. Growers can enter into up to 3 grain sections.

CLASSES

- 11 Wheat
- 12 Lupins
- 13 Canola

There are two parts to the competition. To be eligible, growers need to register their paddocks at info@mullewashow.com.au prior to Sunday August 8th 2021, **AND supply a sample of the crop for a display on Show Day.**

For further information and detailed instructions:

please contact the President - Peter Barnetson by email: info@mullewashow.com.au

Please Note – This competition is subject to weather conditions on the day that aerial biomass images are taken.

Class 14

"BUGGER" PHOTO COMPETITION

The winner receives a \$20 Gift Voucher from MDAS

Enter your best Photo depicting a "Bugger" moment on the Farm.

The event, rather than photo quality, is to be judged. Photos to be printed in A4 format preferably
(plain paper is fine).
